(C) the originator’s client identification number; or

(D) the originator’s place of birth;

(b) the following required and accurate beneficiary information –

(i) the name of the beneficiary; and

(ii) the beneficiary’s virtual asset account number where such an account is used to process the transaction or, in the absence of a virtual asset account number, a unique transaction reference number which enables traceability of the transaction.

(2) The originating virtual asset business must not execute a transfer of a virtual asset where it does not comply with the requirements specified in subregulation (1).

(3) A beneficiary virtual asset business must -

(a) take reasonable measures to identify transfers of virtual assets that lack required originator information or required beneficiary information including post-event monitoring or real-time monitoring where feasible;

(b) have risk-based policies and procedures for determining –

(i) when to execute, suspend or reject a transfer of virtual asset lacking required originator information or required beneficiary information; and

(ii) the appropriate follow-up actions.

Internal policies,
procedures, systems and
controls.

14. (1) A registrant must ensure that its internal policies, procedures, systems and controls are adequate and suitable for the performance of a virtual asset business and appropriate to the size and nature of its operations.

(2) For purposes of subregulation (1), a registrant must carry out annual reviews of its internal policies, procedures, systems and controls in relation to -

(a) the transmission of information to purchasers and client on its technology platform;

(b) the assessment and management of risks;

(c) the safeguarding and administration of assets which belong to purchasers or its clients;

(d) the fitness and propriety of its employees and the adequacy of the technological resources;

- (e) training and succession planning for managers, directors and other officers;
- (f) the supervision and monitoring of transactions on its system; and
- (g) any other areas as determined by the Authority.

15. (1) A registrant must, to the satisfaction of the Authority, ensure that it has sufficient human and technological resources to operate a virtual asset business.

Human and technological resources.

(2) Without limiting the generality of subregulation (1), a registrant must satisfy the Authority with respect to –

- (a) employing fit and proper staff in accordance with sections 7(2), (5) and (6) of the Act, appropriately trained for the duties to be performed and trained to the standards required;
- (b) appointing officers with adequate levels of experience and expertise to supervise and monitor the operations of the virtual asset business; and
- (c) owning and subscribing to technological resources that are established and maintained in such a way as to ensure that they are secure and maintain the confidentiality of the data they contain.

16. A registrant must ensure that its technology platform provides for the safeguarding and administering of assets that belong to clients to ensure -

Safeguarding and administering assets.

- (a) satisfactory arrangements are made for that purpose including data management and protection, security access control and cyber security safeguards; and

(b) clear terms of agreement exist between clients and the registrant in relation to the virtual asset.

to the satisfaction of the Authority.

Risk management.

17. (1) A virtual asset business must have in place written strategies, policies, processes and risk management systems to assess and maintain, on an ongoing basis, the amounts, types and distribution of financial resources, non-financial resources, own funds and unimpaired capital that it considers adequate to address -

(a) the nature and level of the risks to which it is, or might be, exposed, such that there is no significant risk that its liabilities cannot be met as they fall due, and that in the event of a winding up, its business can be wound up in an orderly manner, minimizing harm to clients or to other market participants or to market integrity;

(b) the risk that the virtual asset business might not be able to meet the obligations under the virtual assets capital and liquidity requirements; and

(c) the need for liquid assets adequate to cover its liabilities as they fall due.

(2) The strategies, policies, processes and risk management systems under subregulation 1 must be approved by the Authority.

(3) A virtual asset business must review and document annually how it has met the risk management requirements imposed by the Authority and submit its report to the Authority within four months after the close of each financial year.

18.(1) A registrant must establish and maintain appropriate systems and controls for managing cybersecurity and operational risks that can arise from inadequacies or failures in its processes and systems including ensuring that the necessary resources are allocated to manage cybersecurity and operational risks.

Cybersecurity and operational risks.

(2) A registrant as appropriate, must ensure that third-party suppliers, agents and others establish and maintain appropriate systems and controls for managing cybersecurity and operational risks.

(3) A registrant must ensure the adequacy of the systems and controls used to ensure the security of its information having regard to established security standards.

(4) A registrant must obtain external testing and audits carried out by suitably qualified external experts, at least annually, and more frequently if appropriate given the nature and size of its business.

19.(1) A registrant must at all times provide safeguards to ensure client protection to standards the Authority determines or as required under the laws of Dominica.

Client protection.

(2) Without limiting the generality of subregulation (1), a registrant must have business rules, procedures and an effective surveillance program that ensure that a virtual asset business conducted on or through its technology platform or trading systems is conducted in an orderly manner to provide proper protection to clients, including monitoring for conduct which may amount to market abuse, money laundering, financial crimes or other criminal conduct.

Complaints

20. (1) A registrant must, to the satisfaction of the Authority, have in place systems and procedures to address complaints by clients of its technology platform so as to ensure that due process is upheld on an ongoing basis.

(2) The systems and procedures under subregulation (1) must include –

- (a) effective arrangements for the investigation and resolution of complaints made against the registrant’s virtual asset services;
- (b) establishing and maintaining a register of complaints made against the registrant’s virtual asset services and resolutions reached with the purchaser, client, or user.

(3) A registrant must keep and maintain the records of the complaints under subregulation (1) for a minimum of seven years.

Ring fencing and safeguarding requirements.

21. A registrant engaged in virtual asset business, must safeguard the funds which have been received from clients or from other virtual asset businesses, by ensuring —

- (a) that the virtual asset business does not transfer the funds to its own account used for normal business operations nor commingle the funds with the funds of any person other than the client or other virtual asset business on whose behalf the funds are held;
- (b) the virtual asset business employs any other appropriate risk mitigation strategies to ensure safeguarding of funds.

22. A registrant, in carrying out a virtual asset business, must— Promoting and maintaining standards.

- (a) the business rules are enforced;
- (b) complaints regarding persons granted access to its technology platform are investigated;
- (c) appeal procedures are provided; and
- (d) where appropriate, disciplinary action and appropriate penalties are available.

2024 VIRTUAL ASSET BUSINESS S.R.O. 19

Ongoing obligations.

24. A registrant must at all times do all things necessary to ensure that its virtual asset services are fair, transparent, orderly and efficient for the purpose of reducing any systemic or any other type of risk that may adversely affect fair and orderly trading or transfer of the virtual assets.

Insurance requirements.

25. A registrant must establish and maintain appropriate policies of insurance on terms and conditions determined by the Authority for the purpose of indemnifying the registrant against a liability incurred as a result of an act or omission by the registrant or its officers or employees in the conduct of the virtual asset business.

Reporting requirements.

26. (1) In addition to section 11(4) of the Act a registrant must submit to the Authority a report in writing, at such times as the Authority may direct, addressing matters affecting the virtual assets business and such other matters as the Authority may direct.

(2) The report under subregulation (1) must include the following:

- (a) the ongoing compliance measures of the registrant with the terms of the certificate of registration;
- (b) complaints received and resolutions reached;
- (c) disciplinary matters arising and addressed;
- (d) the performance and adequacy of the systems and controls of the virtual asset business;
- (e) financial matters concerning the operation of the virtual asset business; and,
- (f) any other matter the Authority considers relevant.

27. Notwithstanding anything to the contrary in any law relating to the retention of records, a registrant must retain all records obtained or produced during the operation and administration of its business for a minimum of seven years from the date the record was obtained or produced.

Retention of records.

28. A registrant must ensure that appropriate procedures and adequate arrangements are in place to enable employees to alert and disclose any information to the Authority or local or foreign authorities concerning actual or potential infringements of these Regulations and to protect them from retaliation.
